PROVISIONS AND GRAIN.

Pork Was King in the Chicago Market.

Chicago, Feb. 9.-Pork was king in the market today. An active speculative demand caused a sensational demand in May pork, coming largely from shorts who had become alarmed at the seriousness of the war situation. Commission houses, however, were also heavy pur-chasers, several prominent houses taking on lines of from 2500 to 5000 barrels. Pack-

There was some profit-taking at that figure, and a reaction followed; but the close was at \$14.70, a net gain of \$1.695, for the day. May lard closed \$2562746 higher at \$7.774,67.89, after selling between \$7.69 and \$7.80. Ribs were up 20 cents at \$7.1215, after ranging between \$6.85 and \$7.1215. One feature of the sudden and seasational advance in price in May pork is the small stocks of barreled pork, which rendered the market nervous and exceedingly susceptible. There are only 20,000 barrels of pork in Chicago. It was all sold here today, and probably 25,000 barrels more were disposed of in the pit.

The opening of hostilities in the far East had a buoyant influence on wheat from the start. Initial sales of May were \$4.90 ic higher at \$415,000 kg, with July at \$415,000 kg. Trading was quiet the early part of the seasion and the volume of business was much smaller than for some time past. The quietness, however, was due more to scarcity of offerings than to any lack of disposition to buy.

Commission houses had buying orders, and the demand from this source gradually forced prices upward. The market became more active later in the day, and prices showed further advances. An improved foreign demand was reported from the seaboard. The late market was decidedly strong. After selling at \$65c, May closed lattsc higher than yesterday at \$69955c. Thad is gures on July were at the top at \$65c, a net gain for the day of \$24c. Clearances of wheat and flour were equal to 197,000 bushels. Primary receipts were \$67000 bushels, compared with \$60.000 bushels, compared with \$6000 bushels.

ecipts were \$49,000 bushels, compared with 568,300 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 352 cars against 352 last week and 396 a

year ago.

The feature in trading in corn was the active demand from the principal bull leaders, who were heavy sellers yesterday.

After opening 140 40 higher at 53 40 to 50 40,0 May corn ranged between 52 30 and 51 40 fb40 fb40, closing at the top. July sold between 50 40 and 52 40, and closed 150 higher at 52 40. Local receipts, 389 cars, one of contract grade.

Oats also made a good advance in prices,
